Jasem Ahmad Alyounes

Software Engineer | Odoo 19 Developer | ERP & SaaS Solutions

Beirut, Lebanon • +1 (931) 623-7215 • jasemalyounes@gmail.com • github.com/jasemalyounes-rgb

PROFESSIONAL SUMMARY

Software Engineer with a Master's in Web Science and a Bachelor's in Software Engineering, and over 5 years of experience building scalable full-stack applications and managing technical project lifecycles at Lazer Net ISP. Specialized in bridging complex enterprise data (Oracle) with modern web architectures; expert in Odoo 19 development, systems administration, technical support and DevOps practices.

EXPERIENCE

Independent ERP Developer

Sep 2024 – Present

- **ERP Development:** Architected a custom Odoo 19 task management solution featuring manager-level delegation and R&D tracking.
- **Backend & Frontend:** Designed complex inherited XML views and custom list-view actions; used Python and PostgreSQL for scalable backend logic.
- **System Administration:** Managed Linux VPS environments, including Nginx reverse proxy setup and SSL/HTTPS deployment.
- **Automation:** Established automated systemd services to ensure high availability and seamless application performance.

Software Developer / Technical Team Lead, Lazer Net ISP

Damascus, Syria • Jan 2019 – Sep 2024

- **Project Leadership:** Managed the full technical project lifecycle from requirements analysis to final deployment.
- **Database Management:** Designed and maintained complex relational databases (Oracle/SQL), ensuring data integrity and efficient retrieval.
- **Stakeholder Reporting:** Prepared technical progress reports for senior management, documenting milestones and mitigation strategies.
- **Risk Assessment:** Identified potential technical risks and proposed strategies to keep projects aligned with quality standards.
- **Infrastructure & Support:** Managed network infrastructure, hardware/software troubleshooting and IT support.

SELECTED PROJECTS

Harmonia — harmonia-safety.vercel.app

Family safety and location-sharing app providing live tracking, SOS alerts, geofenced places and guardian roles, with an offline SMS fallback; built the mobile client, API and self-hosted infrastructure end to end.

Stack: React Native (Expo), TypeScript, Fastify, PostgreSQL

Smart Task Planner — apps.odoo.com

Standalone Odoo 19 project-management app published on the Odoo App Store, featuring an interactive Gantt with drag-and-drop rescheduling and dependencies, a seven-stage kanban, timesheets and executive dashboards, with no Enterprise dependency.

Stack: Odoo 19, Python, PostgreSQL, OWL, XML

Super Proxy Store — t.me/myproxystore_bot

Telegram bot for selling proxy access, integrating Cryptomus for crypto wallet top-ups plus a manual confirmation flow for OMT, Whish and Syriatel Cash — regional payment rails with no public API — behind pluggable supplier adapters.

Stack: Node.js, Telegraf, Fastify, PostgreSQL

Legends Match

Cross-platform mobile game with Google Sign-In, AdMob monetization, an in-game coin economy and a referral and cashout system backed by an admin dashboard.

Stack: React Native (Expo), Fastify, PostgreSQL, AdMob

TECHNICAL & MANAGEMENT SKILLS

- **Software Development:** Python, Java, Spring Boot, C#, JavaScript, XML, PHP, Laravel, RESTful APIs.
- **Systems & DevOps:** Linux VPS, Nginx, SSH Security, SSL/HTTPS, Systemd.
- **Databases:** Oracle Database, PostgreSQL, SQL Server — administration, design and analysis.
- **Infrastructure & Support:** CCNA certified; strong proficiency in network infrastructure, hardware/software troubleshooting and IT support.
- **Project Management:** Requirements gathering, risk identification, stakeholder coordination and technical documentation.
- **Office Tools:** Advanced proficiency in Word, Excel (reporting) and PowerPoint.

EDUCATION

M.Sc. in Web Science, Syrian Virtual University
Jun 2024

B.Sc. in Software Engineering, University of Aleppo
Oct 2012

LANGUAGES

- **Arabic:** Native
- **English:** Fluent (reading, writing, speaking)
